PROFILE

A passionate MERN stack developer with expertise in building scalable, responsive, and user-centric web applications. Skilled in full-stack development using MongoDB, Express.js, React, and Node.js. Delivered 10+ projects, enhancing client efficiency by 30% and user satisfaction by 20%. Proven ability to lead development teams, integrate APIs, and optimize performance. Dedicated to learning emerging technologies and producing efficient, clean code to meet project goals.

TECHNICAL SKILLS

Frontend: JavaScript, React, Redux Toolkit, Next.js, TypeScript, Bootstrap, Tailwind Node.js

Backend: Express.js, MongoDB, Mongoose, PostgreSQL, Serverless, GraphQL

Tools & Technologies: Git (Version Control), API Integration, RESTful APIs, Design Patterns, AWS

PROFESSIONAL EXPERIENCE

MERN Stack Developer

Self-Employed (2022 - Present)

- Built full-stack web applications using the MERN stack, integrating MongoDB for scalable data storage and Node.js/Express.js for back-end logic.
- Delivered 10+ full-stack applications for clients, enhancing business efficiency by 30%.
- Collaborated with clients to deliver responsive, user-friendly applications tailored to their business needs.
- Optimized back-end performance, reducing API response times by 25%.

Front-End Development Instructor

Aptech Institute (2024 - Present)

- Taught 50+ students across beginner and advanced levels, achieving a 90% student satisfaction rate.
- Coordinated testing and validation, ensuring compliance with industry standards.
- Implemented project-based learning methods, resulting in 85% of students completing industry-ready applications.

PROJECTS

YouTube Clone

- Built a full-stack replica of YouTube using the MERN stack.
- Implemented video upload, user authentication, and a dynamic search feature, achieving 500+ daily test users during development.

React CRUD App

- Created a CRUD system with REST API integration using React and Axios.
- Delivered a fully responsive design, boosting usability metrics by 30%.

Social Media Manager

- Built a full-stack solution for managing multiple social media accounts efficiently.

EDUCATION

Bachelor of Software Engineering

- University of Karachi, UBIT Department | 2023 - 2027 (Expected)

Intermediate Education (ICS)

- Govt Degree College (2019 - 2021) - Grade: A1 (81.9%)
